- Spaghetti strap shirts, short or open midriff shirts, bikinis, see-thru/mesh shirts, shorts with writing on the seat are not permitted.
- Expensive clothing, jewelry and electronics should be left at home. Comfort over fashion
- An empty space where you Bible should be

### DRESS CODE

*In spite of yearly changes in clothing styles and fashion, the Biblical standards for modest and appropriate dress remain the same. With that in mind, do not wear anything that is too tight, too short, or too revealing. These guidelines are a compliment to the way God has made you. Please understand that revealing too much of your body is like walking around with a loaded shot gun. We do this so that people of the opposite gender can focus on getting to know Jesus and the real you not just parts of your body...please see this as an opportunity to show the real you and not your body you.*

### Remember these:

1. Please dress appropriately when attending worship services or Bible studies.
2. Shorts may be worn as long as there shorts are long enough to touch the finger tips. Please no shorts with writing on the seat. MOMS and DADS please help us out here...we will enforce this and ask your student to change if need be...Help out your student by not packing something that is in question
3. Tank tops, hats, swim suits and wet clothing are not permitted in the dining facility at any time.
4. No strapless, backless, or spaghetti-strap dresses or tops. No see-through, mesh.
5. Do not wear anything that exposes your stomach: no crop-tops, short shirts, etc. Wear only shirts which are long enough to tuck in. Shirts must be worn at all times, except while swimming. Shirts must have sleeves.
6. **Shoes must always be worn outside**, except in the swimming area.
7. Swim suits must follow these guidelines:
  - \* No skimpy suits for guys or girls.
  - \* All female's (and males for that matter) swim suits MUST BE ONE-PIECE or have a cover worn over them at all times AND a cover-up (i.e. – a t-shirt that is not white etc.) must be worn to and from the pool area. The "Cover Up" standard applies to both male and females

*If you are in doubt, don't wear it or you may be sent back to your room to change. Any adult at Boot Camp may enforce these guidelines. So if you are asked to go and change, please do so.*
